VALENTINA, FIVE, FRACKING LETTER

Dear Governor Cuomo,

My name is Valentina. I am 5 years old. I live in Brooklyn, New York and I don't want the bad people to frack our water. I want you to do a good job so that they won't frack any of the waters. I am worried about our mother water and I have made lots of prayers since I was 3 years old so that they don't frack the water. I also spend a lot of time on Panther Creek at my house in Schoharie County and I love the water because I am water princess. The water tells me that she doesn't want to get fracked. Already some has been fracked and she doesn't want to get fracked anymore.

I spent all yesterday crying because I don't want them to poison our water. I want the water to be clear because I don't want anyone to be in pain. So if anyone wants to frack the water tell them they can't.

Governor Cuomo, I hope you are the best Governor ever and save our water.

Sincerely,

Valentina Inanda Ossa
